

Wednesday, 29 October 2025				
Start Time	End Time	Session	Title	Company
11.05	11.50	KEYNOTE	Johnson Onking	Boysen
11.50	12.20	Presentation	Dr. Nurudin Budiman Bio-based open time prolonger for sustainable and high performance coatings	Caldic
12.20	12.50	Presentation	Mr. Inpota Teerawat Reducing the environmental impact of epoxy resins	AGC Vinythai
12.50	13.30	LUNCH BREAK		
13.30	14.00	Presentation	Mr. Andrew White Mitigating TiO ₂ cost, improving sustainability and not reducing quality	FP-Pigments
14.00	14.30	Presentation	Mr. SK Emadul Bari Anti-pollution paint in Bangladesh	Berger Paint
14.30 15.00 15.30 16.00	15.00 15.30 16.00	Short Course	Mr. Nurudin Budiman Fundamental principles of bio-based/sustainable coatings	Caldic
16.00 16.30 17.30	16.30 17.00 18.00	Short Course	Mr. Hans-Joachim - Dr. Jacob Dispersing: Theory and practice in paint production	Caldic

Thursday, 30 October 2025				
Start Time	End Time	Session	Title	Company
10.30 11.00 11.30	11.00 11.30 12.00	Short Course	Mr. Prof Raymond Fernando Coatings 101: Introduction to science and technology of coating formulations	California Polytechnic State University (Cal Poly)
12.00	12.30	Presentation	Inline dispersion + vacuum expansion – technology trend in paint production	Ystral
12.30	13.00	Presentation	Mei Ling Liew Acrylic for exterior coatings: Formulation versatility, durability, and dirt pick-up resistance	Synthomer
13.00	13.30	Presentation	Mr. Prof Raymond Fernando Effects of colorants on solar reflectivity and rheology of exterior architectural coatings	California Polytechnic State University (Cal Poly)
13.30	14.00	Presentation	Mr. Terence Yeo PFAS-free nanocomposite additives to replace PTFE powders	Micro Powders
14.00	14.30	LUNCH BREAK		
14.30 15.00 15.30 16.00	15.00 15.30 16.00	Short Course	Dr Eugene Caldona Fundamentals and characterization of corrosion	North Dakota State University (NDSU)
16.00	16.30	Presentation	ASCOATINDO Corrosion	Association
16.30	17.00	Presentation	Dr. Bodan Ma Sustainable additives for water-based protective coatings improvement	ICL/Halox
17.00	17.30	Presentation	Dr Eugene Caldona Highly adhesive and corrosion-protective fluoropolymer coatings	North Dakota State University (NDSU)
17.30	18.00	Presentation	Mr. Ryu Jaewook Medium colour and blue undertone tinting solutions for industrial and decorative paints	Birla Carbon Thailand

Friday, 31 October 2025				
Start Time	End Time	Session	Title	Company
10.00	10.30	Short Course	Mr. Andrew White topic: Titanium Dioxide	FP-Pigments
10.30	11.00			
11.00	11.30			
11.30	13.15	PRAYER & LUNCH BREAK		
13.15	13.45	Short Course	Mr. Bodan Ma Anti-corrosion pigments and additives for water borne protective coatings	ICL/HALOX
13.45	14.15			
14.15	14.45			
14.45	15.15	Presentation	Chifaa Kardous Macroeconomics meets formulation: How global dynamics shape coating prices	ASAL Kimya
15.15	15.45	Presentation	ASCOATINDO Market or Regulations	Association
15.45	16.15	Presentation	Dr. Diana Alves Fluorine-free hydrophobic coating approaches to protect painting equipment	INL, International Iberian Nanotechnology Laboratory
16.15	16.45	Presentation	Prof. Katrin Steinhauer Efficacy of plant polyphenolic extracts using IBRG method PD 16/001/1.02	Bactologicum
